

# SAVE THE DATE

*What:* “Incorporating Climate Change Into North Carolina’s Wildlife Action Plan”  
A 1 1/2 day workshop that initiates the first step in an on-going effort to engage stakeholders across the state in integrating climate change into North Carolina’s [Wildlife Action Plan](#).

[www.climatechange.nc.gov](http://www.climatechange.nc.gov)

**Presentations** will provide information on climate change impacts to wildlife in North Carolina, North Carolina’s Wildlife Action Plan, and actions being taken to address climate change in the state and across the region. **Breakout sessions** will focus on sharing information on activities and efforts related to climate change impacts on wildlife.

*Who:* The North Carolina Wildlife Resources Commission, North Carolina Wildlife Federation, National Wildlife Federation, and Defenders of Wildlife

*When:* Wednesday, Sept. 1, 2010, beginning at noon; and Thursday, Sept. 2, 2010, ending at 4 p.m.

*Where:* [Raleigh Convention Center](#)  
500 South Salisbury Street, Raleigh, N.C.

*More Info:* We invite participants to submit a poster related to wildlife and climate change for display during the workshop. Send your poster request, along with a brief description, to [chris@ncwf.org](mailto:chris@ncwf.org) by July 31.  
To learn more now about climate change and North Carolina visit [www.climatechange.nc.gov](http://www.climatechange.nc.gov)

*Look for a formal invitation in the coming weeks.*

The workshop is funded partially by the State Wildlife Grant Program administered by the U.S. Fish and Wildlife Service and implemented through the state’s Wildlife and Sportfish Restoration programs.
